## ABOUT OUR MARTIAL ARTS PROGRAM FOR KIDS, TEENS & ADULTS

### TINY TIGERS TAEKWONDO AGES 3-6

The Tiny Tiger program was developed specifically for children ages 3 through 6. The program is designed to improve children's motor skills and enhance their ability to pay attention and follow directions. The program works by emphasizing important monthly themes and a value system similarly to the Karate Kids program. Tiny tigers may earn 'Victory Stars' for accomplishments and are able to test for rank as well as compete in tournaments if an instructor and parent agree that they are ready when the time comes.

### Karate for Kids AGES 7-12

The Karate for Kids program was developed for children ages 7 through 12 and is based on traditional Taekwondo. The system is based on a lifetime learning concept in addition to technical skills. The program utilizes monthly themes such as Goals, Courtesy, Perseverance, and many more. Karate Kids have the opportunity to earn 'Victory Stars' for accomplishments or outstanding efforts and are encouraged to test for rank on a bi-monthly basis as well as compete in tournaments annually while on their journey to Black Belt and Beyond.

### Teens Adults AGES 13+

Taekwondo for Adults is for everyone. Some students come in shape, while others have come to us 100 pounds overweight. Most come to us with limited flexibility as well. Adults start at any age, as we have had some students start as late as age 65 and have still earned their black belts. All adult students are looked upon as individuals and are never compared. Instructors are there every step of the way so long as there is a willingness in the student to try. The adult program is based upon three core principals: Fitness, Self-Defense, and Self-Confidence.

## ABOUT OUR ADULT MARTIAL FITNESS PROGRAM

### KICK BOXING AEROBICS

#### FULL BODY INTENSIVE CARDIO

Kickboxing Aerobics isn't your typical kickboxing program. It's a full body intensive cardio workout in a room full of other motivated adults soaked in sweat. Expect to hear the hottest music of today with the volume cranked high and the beat sped up. Students will learn how to use kicks, punches, strikes, and blocks in a rhythmic motion while getting one of the best workouts AZ has to offer.

This program is non-contact.

Handwraps are recommended for this class, but not required.

### CAGE FITNESS

#### MMA STYLE BAG WORK

Cage Fitness™ is based on the structure of a championship MMA bout. What this means is that Cage Fitness™ will give you a total body workout in just 5 – 5 minute rounds. There are four key elements that are focused on: endurance, strength, power and core.

This is accomplished through our 5 round fitness system which is broken up into the following categories: Warm Up, Upper Body, Lower Body, Combo Round and Cool Down/Core. Cage Fitness™ is endorsed and tested by 9 time UFC Welterweight Champion Matt Hughes.

Bag gloves or handwraps ARE necessary for this class.

### WARRIOR FIT

#### RESISTANCE & STRENGTH TRAINING

The exercises of each workout (or "fight") are based on martial arts training. Each exercise has easy-to-follow instructions and videos that you can use at home when you're not taking class. Each exercise is done for a specified amount of time, as opposed to a certain number of repetitions, so your fights always last 20 minutes. In keeping with its martial arts inspiration, Warrior X-Fit keeps track of your progress online. After each workout, you record your results. If your performance improved, you "win" the fight and earn belts, just like martial arts.

Resistance bands and gloves are used during this class.
